Dorong Budidaya Hortikultura Ramah Lingkungan

Kementan Tambah Klinik PHT

Guna mendukung Gerakan Pengendalian OPT Hortikultura ramah lingkungan di seluruh kawasan produksi hortikultura di Indonesia, Kementan melakukan penguatan kelembagaan perlindungan Hortikultura melalui Klinik PHT. Sampai akhir 2018, jumlah klinik PHT hortikultura di Indonesia tercatat 238 unit. Pada Tahun 2020 akan dialokasikan klinik baru sebanyak 250 unit.
